

BRODHEAD.

Claude Griffin of Mt. Vernon was with his aunt, Mrs. Walter Turpin, Saturday and Sunday. W. H. Anderson was in Louisville last week buying goods. Mr. Igle Baughman, of Aurora, Ind., was the guest of Mr. and Mrs. O. V. Jarrett last week. We understand that Mr. Baughman and Mr. Jarrett have formed a partnership. Mr. Arthur Walin, of Columbus, Ohio, a brother of our fellow townsman, I. Egbert Walin, was here last Saturday and Sunday. Mr. Walin represents the Malleable Steel Range Manufacturing Co., of South Bend, Ind., in the states of Ohio, West Virginia, Pennsylvania, and one other state. It has been eight or ten years since he was at this place, and twenty two years since he was in Mt. Vernon. He and his brother Egbert were in Mt. Vernon between trains Saturday and Sunday. Mr. and Mrs. F. L. Durham were down from Mt. Vernon; from Saturday until Monday. Roy Mink of Moreland, was the guest of Dr. and Mrs. W. F. Carter the first of the week. Misses Grace and Reulah Isaacs were here Sunday from Richmond. They left for their home in Ocala, Polaski county, Monday. Misses Dora Blanton and Hazel Reynolds returned to school in Mt. Vernon, Monday. Claude Owens is able to be on the streets again, after being confined to his room for two weeks with an attack of rheumatism. Brack Durham, who is telegraphing at Crab Orchard, was at home Sunday between trains. Mrs. O. V. Jarrett delightfully entertained a number of young folks last Friday evening in honor of Mr. Baughman. Mr. and Mrs. T. B. Chandler, of Bromo, were with their son D. S., Chandler the first of the week. Rev. J. A. Sayer, of Mackville, is the guest of Mr. and Mrs. A. E. Albright. He will hold services at the Methodist

Church, Saturday evening at 7 p.m., at the Christian Church, Sunday at 11 a.m., and at the Baptist Church, Sunday evening at 7 p.m. Everybody cordially invited to attend. Mrs. M. E. Blankenship, of Ashville, N. C., is the guest of Mrs. C. B. Chandler. Mrs. J. M. Owens was in Mt. Vernon the first of the week with her daughter, Mr. Frank Sutton. Uncle Jim Padgett returned from a two week visit in North Carolina, Tuesday. A small child of Frank Messer has pneumonia. I. R. Storm has been confined to his room this week with a severe attack of la grippe. J. A. Adams was in Mt. Vernon between trains, Monday. Mr. Alfred Leese, of the Copper Creek section is very sick. Dr. W. E. Gravelly is out again, and judging from his appearance, he is none the worse off on account of his recent experience of acute indigestion. J. M. Cress of Preachersville, passed through town Tuesday with a nice bunch of cattle and hogs. P. M. Padgett left here last Saturday for Thornton, Ind., where he will make his home. Chas. Lyons was up from Junction City, Tuesday. John Moore is able to be out again. Miss Annie Roberts returned home Saturday after spending several weeks in East Bernstadt and London. Mr. and Mrs. J. Thos. Cherry were up from Crab Orchard, Wednesday. We are always glad to welcome Mr. Cherry and his estimable wife to our town. This is their old home, and we hope they will tire of their present location, and return to their first love. We understand the board of trustees has under consideration a slight change in the side walk ordinance, that is to extend them to the town limits, and furnish no part of the material from the general fund, as first proposed. It seems that the present ordinance holds services at the Methodist

Church, Saturday evening at 7 p.m., at the Christian Church, Sunday at 11 a.m., and at the Baptist Church, Sunday evening at 7 p.m. Everybody cordially invited to attend. Mrs. M. E. LIVESTOCK.

Water Robins were in the Quail section Wednesday on business. Clarence Shafer moved to town Tuesday. George Jarrett is here from Berea. Marion Sullivan of Williamsburg was in town Wednesday. Mrs. John E. Evans was in Stanford, W. Va. Tuesday, to have her eyes treated. Grand Master Dave Jackson was in town Wednesday and Thursday. Mrs. Daisy Hunt was up from Crab Orchard, Sunday.

LIVINGSTON.

Farmers in this neck of the woods are very far behind with their work. No plowing has yet been done, no oats sowed and it is the 26th of March, but just wait can't be long now until the birds will begin to sing, the plows and hoes will get busy and we can sing in the Good Old Summer Time. Well Mr. Ed it is amusing to hear the republicans caviling over their candidates for President you know they are badly divided some are T. H. H. and some are Teddies. They are going to have the worst political fight you ever saw in their own ranks. They are the worst divided they have been since Abraham Lincoln daddied the party and we truly believe if Lincoln was permitted to come back and view the party in its present plight he would disown the whole gang. Mrs. J. W. Sams and children has returned from Pittsburg where she has been visiting her parents for the past week. Mrs. T. J. Neighbors was in London Tuesday visiting relatives. Little Miss Blanche Howell, of Brodhead, is with her father C. C. Howell this week. F. L. Thompson and T. J. Nicely of Mt. Vernon was here Friday. If you want to know the joke on F. L. just ask Tom. W. B. Rice is moving his family to Paris Ky., as his run is out of Paris now. He is with the K. C. division. Arthur Rice has gone to braving with head quarters at Paris. J. P. R. Drummonds was in Mt. Vernon Monday. Mrs. Lefew who is with her daughter, Mrs. A. Taylor, has been very sick but is some better at this writing. Walter Wade who got his foot very badly mashed by a steel rail falling on it is rapidly improving. L. S. Gardner the small pox patient is getting along nicely. No one else has taken it yet, and we hope this will be the only case in town. Mrs. Sidney Hellard is on the sick list this week. W. M. French, of the Long Branch section, was in town today. G. W. Baker was here between trains Monday enroute to Mt. Vernon from Richmond Ky. Uncle Welf Mullins, of Cruse Ky, was here Monday on his way to London. He says the new rail road is all the talk in his locality. Sidney Hellard has moved his family from the section house in to one of the Lumber Co. houses. Mrs. R. L. Mattingly and little daughter, Ruby, are visiting her sister, Mrs. Robert McClure. A. M. Hiatt, cashier of the Citizens Bank of Brodhead, was with C. C. Howell the restaurant man here Sunday. A. H. Hamlin, of Mareburg, was here Sunday. Mrs. G. O. E. Martin and little daughter are visiting relatives at Rowland. Mrs. Joseph Mink, of Richmond, was here Friday enroute to Brodhead to visit relatives. E. J. Audesson was in Wildie Sunday. Uncle George Pope is still on the sick list and is very feeble. F. M. Dees has purchased 100 acres of land on Piney Branch, from John Magee. Price not known. R. S. Magruder was in Lebanon Junction Friday. Hardin Mahaffey who is running an extra gang at Covington was here Sunday. Rev. Duke filled his regular appointment at the Baptist church Saturday and Sunday. Mrs. G. D. Cook and daughter, Miss Lyda, was called to Jellico, on account of the serious illness of Mrs. John Cook. Mrs. Cook died Sunday and was taken to Mt. Vernon and buried beside her husband in the Mt. Vernon cemetery. Mr. John Cook, her husband, was killed by a car of dynamite exploding a few years ago. Mr. and Mrs. Cook used to live in our town and were well liked. R. J. Lemonds is in Louisville this week. J. A. Childress and W. M. Preston was in Louisville latter part of last week. Miss Cleo Pennington, who is attending school at Mt. Vernon was with home folks Sunday. Mr. and Mrs. T. J. Nicely, of Mt. Vernon was in our town Wednesday. Attorney J. W. Brown was here between Wednesday.

BRODHEAD, KY.,
March 25, 1912.

Editor Mt. Vernon Signal:
Whereas a poor man that lives in Brodhead, and pays a large tax, and signs his name "Tax Payer," has persuaded you to give space in your valuable paper for an article, and in this article he criticises some of the actions of the Board of Trustees, or I might say, all of the board except one, I will also plead with you for a short space in your paper, in order that I may say a few words in reply.
I am also a poor man, and a tax payer in the town of Brodhead, but not like the other gentleman, such a large one, and I don't see how a poor man has to pay a large tax.
The acting board of trustees (W. E. Gravelly, W. H. Sowder, A. J. Pike and A. E. Albright) of the town of Brodhead, did unanimously pass a side walk ordinance the 6th inst., after having been solicited by at least three-fourths of the tax payers of the town.
I wish to state in the beginning, that I am satisfied, and can prove that the board put on record the will of at least three-fourths, if not five-sixths of the tax-payers of the town of Brodhead when they passed this ordinance. This poor man says "that the number that was before the board was small." We had ten or twelve visitors present that night, and each was given an opportunity to express himself for or against the passage of an ordinance to build side-walks, and all that had anything to say pleaded with the board to pass the ordinance. There was only one present that was reported against it, and he did not say a word against the ordinance that night.
I do know of property owners living on the proposed route, that these walks will benefit by running directly in front of their doors, who are positively against the way this board is trying to force the sidewalks to be built, and this poor man is included. They would be opposed to anything that this board could do now, or for all time to come.
I want everybody to positively understand that these property owners are only four in number. I know that all ordinances for sidewalks in this town prior to the present one, was that the property owners was to build their own walks, and how this poor man could conceive an idea that the

town had made promises and had not kept them I cannot see. Neither can I see how the town could keep a promise unless it had made one.

This poor man says that we have some good citizens that have never received any benefit from the money that has been expended in our town, and I want to ask this poor man, who spends the money of the town, and who has been responsible for this injustice if this accusation is true?

Now in regard to the route mapped out for the walks, I will say that it is the best possible route, and the board was of one opinion in the selection of this route.

In conclusion, I want to ask this poor man, or large tax-payer, as he is pleased to call himself, to come out to the meeting of the board as they are always open to every body, and see that these citizens that he claims are so badly treated, get fair treatment at the hands of the board, and if they do not, raise the howl there and then. Don't lay out like an idle boy from school, and after you grow up in ignorance how because "For one does not roll your way."

W. E. GRAVELLY,
Chairman Board of Trustees.
We heartily endorse, and concur in the above.
A. E. ALBRIGHT,
W. H. SOWDER,
A. J. PIKE, Trustees.

REPELS ATTACK OF DEATH

"Five years ago two doctors told me I had only two years to live." This startling statement was made by Stillman Green, Malachite Col. "They told me I would die with consumption. It was up to me then to try the best lung medicine and I began to use Dr. King's New Discovery. It was well I did for today I am working and believe I owe my life to this great throat and lung cure that has cheated the grave of another victim." Its folly to suffer with coughs, colds or other throat troubles now. Take the cure that's safest. Price 50 cents and \$1.00. Trial bottle free at Chas. C. Davis'.

CARD OF THANKS.

I wish to express my thanks to my friends and good neighbors, and especially to Doctors Carter and Lovell for the interest shown me through my short illness.

Respectfully,

W. E. GRAVELLY.

Lexington, Ky., March 25.—
Leaving here over the Chesapeake
& Ohio railroad this morning and
continuing on a journey for four
weeks, covering seventy of the
leading agricultural counties of
the State, the biggest agricultural
train ever run in any State South
of the Ohio river started on its
long educational journey and re-
turning will roll into the Union
depot at 5:20 p. m. on the afternoon
of Tuesday, April 23.

The purpose for which the train
is being run and of those who
will compose the personnel of the
party of lecturers and instructors
aboard is to instruct the people at
the most important stopping points
along the line of travel in modern
methods of agriculture, live stock
and poultry production, domestic
science and in the knowledge of
soils fertilizers and soil fertility.

Eight cars compose the train.
On Saturday it was inspected by
Commissioner of Agriculture J.
W. Newman and was found to be
a first class shape. In the live
stock car are two cows, two hogs,
two sheep and a flock of poultry.
This car will be next to a flat car
which will be specially arranged
for demonstration work.

Mt. Sterling was the first stop.
The train is under the supervi-
sion of T. R. Bryant, superintendent
of the extension bureau of the
College of Agriculture, and President
H. S. Barker, of the university.
Director M. A. Scovell, of the
Experiment Station, and College
of Agriculture and State Secretary
of Agriculture J. W. Newman.

In charge of the dairy demon-
stration is Prof. J. I. Hooper, assisted
by Prof. A. J. Reed, Prof. Geo.
Roberts has charge of the gromony
car, assisted by Prof. Joseph E.
Wing, of Ohio, the noted agri-
cultural lecturer; the horticultural
car is under the supervision of
Prof. C. W. Mathews, assisted by
Prof. G. H. Smith, of the Eastern
Kentucky Normal School at Rich-
mond; Miss Aubyn Chinn, of State
University, has charge of the do-
mestic science car, and is assisted
by Miss Knowles, of Iowa, and
teachers from the Eastern Ken-
tucky Normal School at Richmond
and the Western Kentucky Normal
at Bowling Green, while Prof. E.
S. Good is in charge of the live
stock car, assisted by Prof. J. J.
Hooper.

THE MAINE'S DEAD.

More than fourteen years after
they went to their death at their
post of duty in Havana harbor,
fifteen bodies have been given to
sixty-three unidentified bodies of
the Maine's crew. They are now
at rest in the soil reserved by the
nation for its hero dead. No
honor was omitted from the act of
their interment. The men who
have lain, as it seemed forgotten
since that February night in 1898
have been brought home at last to
a country which by their death
has been transformed from an
isolated people into a World
Power. In those fourteen years it
has been busied with many and
new problems in the exercise of
friendly protectorates, the ad-
ministration of colonial posses-
sions and the subtleties of Eastern
politics.

It has grown to think and to
speak in world terms.
It is good to know that, despite
the intoxication of this new ex-
perience, it has not wholly lost
the simple virtue of remembering
reverently such as have served it
faithfully.—Louisville Times.

"Of course, Baltimore is going
to pick something good out of the
national Democratic convention,"
says a headliner. Of course; some-
thing very good, a winner.

OLD HICKORY CHIPS.

It looks like a renomination for
Taft in June and a crushing defeat
by the Democratic Nominee in
November.

Mr. Roosevelt now mentions
"my proposals". These are doubt
successors to "my policies."

The peace treaties now look like
Doc Cook's North Pole story after
Peary got through with it.

Mr. Bryan is also for the recall
of judges, but this does not make
it unanimous.

Shall we now proceed to watch
Congress on to the Baseball trust's
curves?

Our own weather is bad enough
but in China they are having a
reign of terror.

At Indianapolis they will now
proceed to the sifting down of all
of these bomb rumors.

When we read a dispatch from
Iuarez that "the favorite came
home in front today," we can't
tell whether it refers to a race
horse or one of those retreating
revolutionary generals.

Those long-haired reform govern-
ors who got the Colonel in this
fix are in danger of going down in
history as the seven Sutherland
brothers.

"The Kentucky legislature has
fooled a lot of persons by selecting
blue grass as the official flower of
the state, instead of rye," opines
the Pittsburgh Gazette Times.
Or mint?

It takes a man of originality to
pose as a successful liar.

It makes a girl awfully ashamed
to let a man kiss her without first
putting up some sort of a bluff.

Chicago reports the marriage
of Miss Annie Rooney. Now,
boys don't all start whistling at
once.

In the matter of putting train
robbers out of commission Ex-
press Messenger Trousdale is ex-
pressly the most conspicuous suc-
cess of the day.

Chairman Lovett of the Union
Pacific Railroad says, that there
is a general feeling of prosperity in
the air. Most of us, however,
would rather it was of the earth
earthly.

"Widows rush in where young
girls fear to tread." Observes the
Chicago News. Quite the Con-
trary!

Mexico's attitude towards
American citizens is evidently to
be the means of that country's
losing its most valuable and en-
ergetic residents.

"However great the demand
for Colonel Roosevelt may become,
it will never be greater than the
supply," observes the Washington
Star. Very, very true.

Senator Raynor is not going to
let anybody oust him from his
place as the "Cato" to Roosevelt
Caesar.

Why shouldn't Mr. Roosevelt
hold up Wall street? Wall street
held him up.

Both Taft and Roosevelt propose
to use the "steam roller" to
present much of an obstacle to
grand old Democracy.

One disquieting about all these
straw votes is that they may afford
an excuse for raising the price of
hats next summer.

Meanwhile, where is "Doc"
Cook? What does he think about
this South Pole business.

When you feel dull, out of sorts, discouraged,
half sick and everything seems to be going
wrong, you can blame it on your liver. It is
torpid. You need

HERBINE

A Medicine of Power in
All Liver Disorders.

When the liver is torpid, it throws impurities into the system,
which hamper every organ in the body. The result is that func-
tional processes are not properly carried on. Impurities get into
the blood, the stomach is bilious, the kidneys weak and the
bowels irregular—generally constipated. Herbine clears out all
these impurities, opens up the obstructed channels, strengthens
the torpid liver, cleanses the blood, purifies and regulates the
bowels. After the system has been thus overhauled, there is an
immediate improvement. Appetite returns, digestion is good, the
spirits rise, the mind clears of gloomy forebodings and everything
looks bright and cheerful, which means, sound, healthy conditions
everywhere in the body.

Price 50c per Bottle.

DON'T ABUSE YOUR WATCH

YOU do not run your buggy, automobile or
other machinery till it squeaks and grinds
and cuts itself to pieces. You clean and oil it
often.

You should be as careful of your watch. It
is small and light and can not speak loud when
it is dry and needs cleaning and oiling so it is
liable to cut and wear and need attention be-
fore you know it. You may not know it till
the watch is completely ruined and stops.

Bring your watch to us and let us examine
it with our strong glass to see its condition
accurately. We will show you and explain
the exact condition.

Every watch should be thoroughly cleaned and re-oiled and adjusted
once in each year. Take proper care of your watch and it will last
you a lifetime.

Consult us on all WATCH DISEASES.

Prayer Mrs. Della Gentry

Our joys of last week, are sorrows now. Our darling baby Charles Edgar Albright, which was born on the 18th, and for eight days seemed to be so perfect in health was taken suddenly ill Wednesday morning and in less than three hours the little spirit, of that new life and light of our happy little household, had returned to the God who gave it.

Only those who have experienced such can in any way sympathize for they know not what it means.

The little form was laid to rest in the London Cemetery yesterday.

Those who accompanied the remains were Miss Claudia Dodson, Rev. George S. Watson, Mr. and Mrs. S. P. Sowder and Mr. A. B. Furnish.

A short prayer and benediction by Rev. Watson at the grave were the only services.

The remains of Mrs. John M. Cook, who died at Jellico Sunday, were brought here Tuesday and interred in Elmwood cemetery after funeral services at the Christian Church.

Mrs. Cook has suffered from a complication of diseases since the death of her husband in the Jellico explosion in 1906.

She was the true type of a Christian woman and numbered her friends by those who knew her.

The funeral services were conducted by the Rev. R. G. Shearer, of Jellico.

She leaves four sons, George, Jesse, Will and James, and one daughter, Miss Sallie, besides one brother, Tack Langford, and five sisters, Mesdames James H. Coffey, John H. Coffey, Mason Anglin and Misses Queenie and Nancy Ann Langford, all of this county.

The Republicans of Rockcastle County are called to meet in Mass Convention at one o'clock p. m. on the 6th day of April 1912 in the court house at Mt. Vernon, for the purpose of selecting delegates to attend the State Convention which will be held in Louisville, Ky., April 10, 1912, the object of said State Convention being set out in the official call. Also delegates will be selected to attend the Convention of the Eighth District, which will be held April 9th, 1912 at one o'clock p. m., at Shelbyville Ky., which convention will elect two delegates and two alternates to attend the National Convention of the Republican Party, to be held in Chicago, Ill., June 18, 1912, and for the further purpose of electing a Member of the State Central Committee for the Eighth Congressional District and to nominate a candidate for Elector. Also at said Mass Convention, members of County Committee will be elected.

Rev. George S. Watson was in Cincinnati last week attending The World. This is the third time The World, a great exhibition of every custom, habit, religions etc., of people of every country and nationality, has ever been presented.

Once in London, last year in Boston and this year at Cincinnati. Next year it will be held at Atlanta.

Rev. Watson gave a very interesting talk at the Presbyterian church Sunday night on The World, which is a missionary work and is being presented in this country for purpose of bringing before the people of America conditions as they are, not only in the foreign field, but in our own country.

One of the episodes presented in the Pageant deals with our own North West. The World will close about April 10th and every one who can should avail themselves of the opportunity to witness this great exhibition of conditions which confront the great Missionary work.

50c and \$1.00 at ALL DRUGGISTS.

Do you know that of all the minor ailments colds are by far the most dangerous? It is not the cold itself that you need to fear, but the serious diseases that it often leads to. Most of these are known as germ diseases. Pneumonia and consumption are among them. Why not take Chamberlain's Cough Remedy and cure your cold while you can? For sale by Chas. C. Davis.

Are the Fly and Mosquito Dangerous?

The fly, with spongy feet, collects the invisible germs of diseases, spreads them over our food and poisons us with typhoid and cholera. The mosquito with its bite injects into our veins malaria and yellow fever. The bacteria of consumption, or grip, are everywhere present for us to breathe into our lungs. The blood, then, or grip, are everywhere present for us to breathe into our lungs. The blood, then, or grip, are everywhere present for us to breathe into our lungs. The blood, then, or grip, are everywhere present for us to breathe into our lungs.

Dr. Pierce's Golden Medical Discovery is a blood medicine and alterative made entirely without alcohol, a pure glyceric extract of bloodroot, golden seal, Oregon grape root, queen's root, mandarin and stone root, which has enjoyed a good reputation for over forty years. The refreshing influence of this extract is like Nature's influence—the blood is bathed in the tonic which gives life to the blood—the vital fires of the body burn brighter and their increased activity consumes the tissue rubbish which has accumulated during the winter.

"About forty years ago while in Newark, New Jersey, I had chills and fever," writes Mr. MICHAEL MAGUIRE, of National Military Home, "I went to Kansas City and in the spring of 1877 the chills and fever returned. Doctors and everything I tried failed to do me good. Finally I saw Dr. Pierce's Golden Medical Discovery advertised. I took one bottle of it and the chills vanished. In about a year afterward one bottle of it and the chills vanished. That is all of twenty years ago I had the chills about twelve years before I started to take 'Golden Medical Discovery'."

Dr. Pierce's Pleasant Pellets are for Liver Ills.

INTERESTING FACTS REGARDING LABORATORY OF THE CHAMBERLAIN MEDICINE CO., DES MOINES, IOWA.

A person purchasing a bottle of Chamberlain's Cough Remedy has no conception of the magnitude of the laboratory where this medicine is manufactured. The machinery and apparatus used in its preparation was designed especially for the purpose and cost several thousand dollars. Europe, South America and the United States supply the various ingredients of this remedy and only the highest obtainable quality is used. No pains or expense has been spared in making it as nearly perfect as possible.

A force of helpers representing homes enough to populate an average Iowa town are regularly employed at the plant of the Chamberlain Medicine Company at Des Moines, Iowa. Their printing department, which is usually overlooked in calculating the expense of a business of this kind, ranks as one of the best in the State, and is thoroughly equipped with automatic presses and folders of the latest improvement type. Here enough print paper is used in one year to spread over ten farms of 160 acres each, upon which is printed advertising matter, directions and labels in twenty-eight different languages and dialects. Enough lumber is used in making the cases in which the medicines are shipped to build an eight room house on each of these ten farms every three months. The bottles used by this firm every year, which are filled by machinery at the rate of 2,000 per hour, if placed end to end, would reach across the United States seven times or almost encircle the globe.

THE PAGEANT TO BE SPECTACULAR

Historic Feature of "World in Cincinnati" to be Impressive and Instructive.

OUTLINE OF THE FIVE EPISODES.

Many of the Thrilling and Dramatic Incidents of the History of Missions Will Be Re-enacted by Players at Exposition.

The Pageant of Darkness and Light is to be the most spectacular feature of the great Missionary Exposition, "The World in Cincinnati," at Music Hall, March 9 to April 6. The purpose of the pageant is to set forth the great historical events of missionary effort in an instructive and inspiring way.

It will be probably the greatest spectacular presentation Cincinnati has ever seen. In four of the five episodes, from 150 to 200 people will be on the platform. More than 3,000 persons, volunteers, are being trained for the pageant. There will be 1,500 in the grand choir alone and another 1,500 on the platform are to serve in relays on different days. More than 1,000 children will take part also. The costumes and splendid scenery used at the first presentation of the Pageant in London, England, have been brought to Cincinnati for its production.

The five scenes which constitute the Pageant may be briefly summarized as follows:

Episode I.—The North.

The scene represents an Indian camp in the far Northwest. The chief and his wife are in distress at the loss of their little daughter, who strayed from the line of march three days ago. To the camp comes a band of Eskimos for trading purposes. The medicine man incites the braves to kill them. Just as they are about to do so a missionary enters. He brings the chief's little daughter, whom he found straying in the woods. Thus he gains the chief's good will and a hearing for his message.

Episode II.—The South.

The scene is in the outskirts of Ujiji, where Livingstone is resting for a while after long journeyings. His men are building a mission house. During mid-day rest Livingstone is full of thoughts of home. A runner comes panting in with news of the coming of a white man. Then Stanley enters. He begs Livingstone to return with him. Livingstone's men hang upon his words. He is sorely tempted, but—no, he can not go until his work is done.

Episode III.—The East.

Scene I. is in a city in India. A crowd surrounds the missionaries' house, clamoring for the return to her relatives of a child-wife, whom they

Log Hut in Frontier Scene, "The World in Cincinnati."

have been educating. The child flees down the street, the relatives follow capture her, and return in triumph. Scene II. a native procession is going to a temple. There enters a funeral procession, leading a young woman to the funeral pyre of her husband. Just as the pyre is to be lighted in Government official strides in with proclamation doing away with the "suttee," as the rite of widow burning was called.

Episode IV.—The West.

The scene is a coral beach in Hawaii. Behind is the volcano Kilauea. A wedding group is dispersing in the sunshine. The volcano roars. One recalls the fact that when Pele, the goddess of the lake of fire, is angered she sends her priest to claim victims to appease her wrath. The priest is seen on the mountain-side. He claims he bridegroom, and a child playing unconsciously among the flowers. As he is about to lead them to their doom, Queen Paipoti appears and defies Pele. The priest curses her. She bids him lead her to the crater, and there—after the fashion of Elijah on Carmel—she taunts and defies the goddess, and breaks the power of Pele forever.

Episode V.—The Final Procession.

A grand procession, the great choir, and all who have taken part in the previous episodes, march in four different processions down the aisles of the Pageant Hall, forming in a tableau on the platform around a cross, and all bearing golden palm branches. The closing chorus is sung and at a signal from the drums of the orchestra of 30 pieces, the entire audience rise and sing the long metre doxology.

The Pageant in Cincinnati.

This Pageant is to be reproduced for the second time in America, in the auditorium of the Music Hall, every afternoon and evening, from March 9th to April 6th. This building is admirably adapted to it, more so than either of those in which it has been given before.

Don't Suffer!

"I had been troubled, a little, for nearly 7 years," writes Mrs. L. Fincher, in a letter from Peavy, Ala., "but I was not taken down, until March, when I went to bed and had to have a doctor. He did all he could for me, but I got no better. I hurt all over, and I could not rest. At last, I tried Cardui, and soon I began to improve. Now I am in very good health, and able to do all my housework."

TAKE The CARDUI Woman's Tonic

You may wonder why Cardui is so successful, after other remedies have failed. The answer is that Cardui is successful, because it is composed of scientific ingredients, that act curatively on the womanly system. It is a medicine for women, and for women only. It builds, strengthens, and restores weak and ailing women, to health and happiness.

If you suffer like Mrs. Fincher did, take Cardui. It will surely do for you, what it did for her. At all druggists.
